Compliance with REACH and CLP Regulations

The product meets the requirements of Regulation (EC) No 1907/2006 (REACH). Due to the nature of the raw material as a polymer substance recovered through a recycling process, the product is exempt from the registration obligation under Article 2 of the REACH Regulation. The raw material has not been classified as hazardous in accordance with Regulation (EC) No 1272/2008 (CLP) or the criteria specified in Annex II to Commission Regulation (EU) 2020/878. According to current knowledge, the raw material used in the production of the product does not contain heavy metals or hazardous substances in quantities requiring classification.
